

# Lubrication Academy

## Las Vegas

Wed, Jun 20, 2018, 8:00 AM  
Thu, Jun 21, 2018, 5:00 PM  
PDT

**CAESARS PALACE HOTEL & CASINO**  
3570 South Las Vegas Blvd  
Las Vegas, NV 89109  
United States

### DESCRIPTION

**Two-Day Knowledge Packed Lubrication Academy with an evening at TOP GOLF including drinks and hor d'oeuvres**

**Key Take-Away:** Walk away with a tailored Action Plan for your Rotating Equipment.

Bring an oil sample (or ship one in advanced) and we will give you an Analysis, Diagnosis and Prescribe the right solution for your needs.

### What You'll Learn

Our Lubrication Academy provides the most advance and up-to-date knowledge available to assist operators, engineers, chemists and laboratories through these changing times

Today's rotating equipment can be a technically challenging environment for modern lubricants. Formulations are evolving. Equipment duty cycles are changing. Fluitec's Lubrication Academy provides the latest technical information to help navigate through these changes.

Leading operations view their lubricants as an asset rather than a consumable. This change in mindset results in longer lasting, higher performing lubes - translating to increased reliability and lower O&M costs. This course could prove to be the catalyst to change how your company views your lubricants.

## Course topics

- ✓ How to select the best oil for your application using performance data.
- ✓ Why oils fail, how you can detect failure modes and what you can do to minimise lubricant-related failures and downtime.
- ✓ How varnish forms and what can be done to eliminate varnish concerns permanently.
- ✓ What are the most accurate and best value oil analysis tests and how they can optimise your Condition Monitoring programme.
- ✓ How to determine the end of your oil's useful life.
- ✓ How you can double or triple the life of your oils.
- ✓ When to consider flushing and best practices for oil changes.
- ✓ How proper lubricant management can add to your company's bottom line.

### INDUSTRY

### ROLE

- Rotating Equipment | Plant Personnel
- Maintenance Managers
- Condition Monitoring Specialists
- Operations Managers
- Reliability Engineers
- Marine Engineers
- Plant Managers
- Oil Analysis Analysts
- Laboratory Managers
- Lubrication Engineers
- Filtration Specialists
- Lubricant and Additive Suppliers
- Reliability Experts
- Consultants
